

# "SMART ANALYTICS IN EDUCATION SYSTEM"

[An Autonomous Institute affiliated to Savitribai Phule Pune University]

Academy of  
Engineering

Submitted by:  
Ashwini Ghanwat  
Kavita Dange  
Vivek Gurav  
Shivani Kabade

Guided by:  
Mrs.Vaishali Wangikar

Sponsored by:  
AANPRT IT Solutions,Pune.

MIT Academy of Engineering, Alandi(D), Pune.  
Department of Computer Engineering.

# Content

- Introduction
- Project objective
- Literature survey and Comparison
- Project idea
- Mathematical model
- Architecture
- Project plan
- Software/Hardware details
- Conclusion
- Publication/Presentation details

## Introduction

- Analytics?
- Need of analytics
- Drawbacks of existing educational system
- Use of analytics in educational system

## Project objective

- Recommender system-based personalized analytics capable of forecasting students employability prediction.
- Complete view of students, faculty, curriculum programs to achieve educational program objectives.
- Drive the best possible outcomes for the institution and improve teaching-learning process.

## Literature survey and comparison

## Project idea

- Basic dataset
- User input data
- Competency analysis
- Behavioral analysis
- Naive Bayes Classification
- Association
- Prediction
- Result

## Mathematical model

$X = \{ U, S, C, P, G \}$

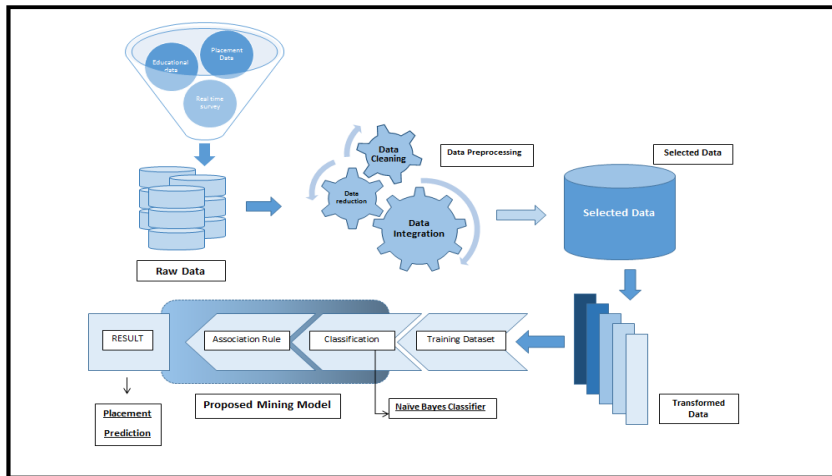

U:Set of users

S:Historical dataset

C:Classified record

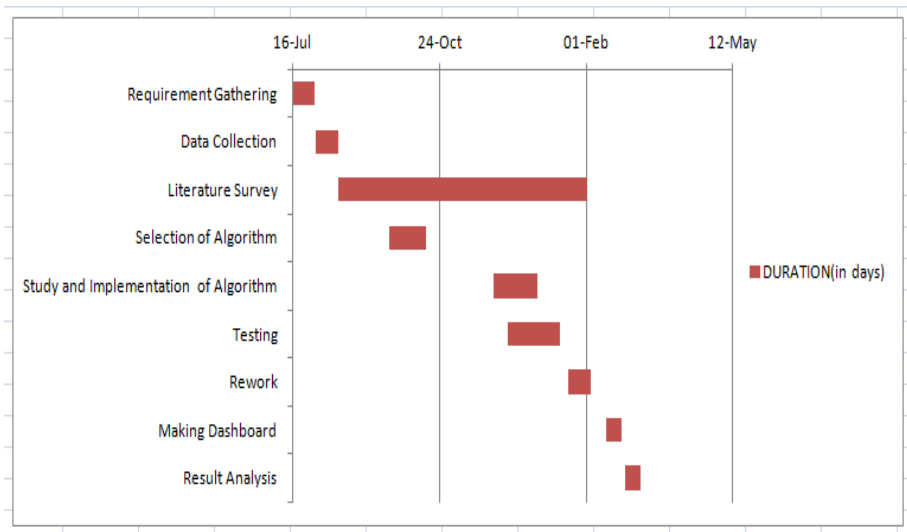

P:Placement predictions,Risk predictions ,Analytics

G:Patterns

# Project plan

- Software details

- Operating System : Fedora
- Technology : Java and J2EE
- Web Technologies : Html, JavaScript, CSS
- IDE : Eclipse
- Web Server : Tomcat
- Database : My SQL
- Java Version : J2SDK1.7

- Hardware details

- Hardware : Intel Core i3 Processor
- Speed : 2.80 GHz
- RAM : 1GB
- Hard Disk : 20 GB

## Conclusion

Students employability model helps in:

- placement prediction
- Risk prediction
- Necessary improvement

## Publication/Presentation details

- IJETT-International Journal of **E**ngineering **T**rends and **T**echnology, Published by Seventh Sense Research Group-2016 Pune, India.
- IJCSET-International **J**ournal of **C**omputer **S**cience and **E**ngineering **T**echnology-2016 Pune, India.
